DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

The PTOL 1449 of 02/01/2006 has been received, reviewed and considered.

Response to Arguments

2. Applicant's arguments, see the remarks, filed 08/07/2008, with respect to claim 1 have been fully considered and are persuasive. The 112, 2nd paragraph rejection of claim 1 has been withdrawn.

Allowable Subject Matter

3. Claims 1, 2 and 6-14 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach nor render obvious the instantly claimed invention. There is no teaching in the art to perform the process that is now claimed. The prior art reference of JP 55-056004 (Kawada) teaches a synthesizing method for cubic system boron nitride wherein a time is reduced to convert a reaction sample containing a hexagonal system boron nitride into a cubic system boron nitride and to raise the percentage of recovery by holding the sample at a predetermined high temperature. However, the prior art of JP 55-056004 (Kawada) does not teach the a method of transforming a crystal structure of a Group XIII nitride comprising: generating an aerosol comprising particles of a Group XIII nitride having a hexagonal crystal structure and a carrier gas; and blowing the

aerosol onto a substrate in a depressurized film deposition chamber to make an impact force of the particles at collision with the substrate of 4GPa or greater, thereby transforming the crystal structure of at least a portion of the Group XIII nitride particles colliding with the substrate to a cubic crystal structure, as stated in the instant invention. There is no motivation in the art to change the prior art's teaching of to arrive at the instantly claimed process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Felisa Hiteshew whose telephone number is (571) 272-1463. The examiner can normally be reached on Mondays through Thursday from 5:30 AM to 4:00 PM with Fridays off.
